GLEN RAVEN

GLEN RAVEN

C O M M U N I T Y

This year marks the 250<sup>th</sup> anniversary of independence for the United States. To celebrate, fourth grade students were asked to design a flag to represent Alamance County. My flag includes symbols that are important to our county and its people. One symbol on my flag is trains, and they represent Alamance county strongly because we used to be a railroad community. Another symbol on my flag is socks, and they also represent our county strongly because textiles are a big thing in Alamance county. A third symbol on my flag is the Glen Raven sign because fabric/textiles are a big thing and Glen raven makes fabric/textiles. I chose the color blue because the word "Alamance" means "hoist river" for the native americans. I also used the color white because Alamance county is in America, and the white on the american flag means innocence. Together these symbols and colors show what makes Alamance county great!
