**Directions:** Write a short essay (2-3 paragraphs) explaining why your flag represents your county. Include why you chose certain colors, images, symbols, or words. Make sure to write your answers in short paragraph form. **Include your name and school on your submission!**

I know that some of the main parts of our county are schools, because education is very important. Students need to learn before they graduate. Another main thing in Cleveland county is the nature. People litter in nature, but we need to keep it clean! Nature produces a lot of stuff for us. If it stays clean, we can have more of that!

Animals are also important. They can produce meat, dairy, and if we are lonely, they also give us company! We need to help animals and they will help us back. People are another main thing. People usually help one another with multiple things. People can do multiple things like not littering, teaching other people about stuff, and treating other people and animals with kindness and respect.

Everyone in this county can help each other in multiple different ways. There is a reason for this county, Cleveland county and every thing in it.
