My flag represents the home I grew up in and see every day. My favorite thing about my home in Dare county is the beautiful water. In the evenings the sky lights up in red orange and pink colors. In the afternoon my dad usually takes me and my brother to downtown Manteo to go fishing by the light house.

In my flag I also included fishes. Jennet's pier is a great place to fish and sure sometimes people can even see and catch stingrays and other cool creatures. Sometimes we see boat come in from the ocean. We usually watch the boats from the light house.
