America 250 NC: County Flag Challenge Essay

Directions: Write a short essay (2-3 paragraphs) explaining why your flag represents your county. Include why you chose certain colors, images, symbols, or words. Make sure to write your answers in short paragraph form. **Include your name and school on your submission!**

Have you ever wanted an amazing flag that represents Forsyth County? I made a flag that represents Forsyth County because the yellow and blue represent Salem College and it was founded here.

The red and purple represent wildlife because a lot of animals and plants live here. The black and brown represent all of the littering that has taken over (but, we are trying to reduce the littering). The squirrel represents adaptability and respect.

The Roman Numerals stand for 1849 which was the year Forsyth County was established. The olive branches represent peace. And last but not least is the swirl. It represents the 8 different cities in Forsyth County which are: Clemmons, Kernersville, Lewisville, Rural Hall, Winston-Salem, Walker town, Tobaccoville, and Bethania. And that is why you should nominate my flag!
