America 250 NC: County Flag Challenge Essay

Directions: Write a short essay (2-3 paragraphs) explaining why your flag represents your county. Include why you chose certain colors, images, symbols, or words. Make sure to write your answers in short paragraph form. **Include your name and school on your submission!**

-I designed a new flag for Hoke County to show it's important history as well as connect to the present. I chose red and white as the colors, they show the buck and they are the top two Hoke colors (and for the stars). Green and brown for the famous pine tree medall, and grey, brown for the old train track here. Because that Hoke County was established in 1911 February 17 so drew that (established in 1911). Hoke County is a strong and loving community, very old (1911) but very colorful, with big history and people, this flag show what I see in Hoke County.

-The most important symbol on my flag is the flag at the front. I feel as if most people and/or things are needed or important to someone. I chose's a buck because it's an important part of Hoke (some people call us the buck town). I added a rail road track to show the old train tracks.

PART TWO

I want people to feel strong with the strong buck symbol on there, but calm with the old majestic pine hedge. My flag shows strength, humility, and majestic in a great town & great past, present and future of the great and important hoke county.
