

## America 250 NC Educational Activity Bags

Thank you for your interest in our activity bags. We are excited for the opportunity to provide these interactive and educational materials to libraries, museums, and historic sites across North Carolina.

This bag is a donation from America 250 NC and has come to you free of charge. It is now the property of your institution and does not need to be returned at any time.

Please distribute this bag to your patrons as you see fit. The ideal situation is for members of the public to use the contents to learn about America 250 NC and North Carolina history. Your institution may decide if you would like patrons to check these bags out to take home and return to you, or for the public to only use them at your location.

If you have public programming and events at your organization, you may use any contents of your Educational Activity Bag to assist with those efforts, as well.

We understand that these worksheets are paper and may be used and discarded. We have uploaded digital versions which are free for you to download and print for additional use. You may also consider laminating some of these sheets so they can be erased and reused. You can find these on our website:

At this time, no items in the bags can be physically replaced by America 250 NC.

While this bag is yours to use at your discretion, we do ask that you keep us informed of the number of patrons who borrow or use the bag at your location(s). We have an easy form for you to fill out on our website by the 15<sup>th</sup> of January, April, July, and October:

Thank you again for your interest in our bags!
