

1779

America 250 NC: County Flag Challenge Essay

Directions: Write a short essay (2-3 paragraphs) explaining why your flag represents your county. Include why you chose certain colors, images, symbols, or words. Make sure to write your answers in short paragraph form. **Include your name and school on your submission!**

The thing that makes Warren County special to me is sports because you get to connect with other people in the county. We also have parades and lots of festivals that you get to hang out with people you know. I also sell my painted rocks at some of the festivals.

The Symbols

On my flag I have the year 1779 which is the year Warren County, NC was founded. The W and C on my flag stands for Warren County. The main symbols on my flag is the Eastern Bluebird because it is our county's bird. We have an Eastern Bluebird festival every year in April. The Eastern Bluebird is painted on the side of a building downtown where most of the festivals happen. The Eastern Bluebird is a symbol of hope, joy, happiness and renewal. It is what people in our county experience living here each day.
