I love warren county because people are friendly and respectful towards each other. They help each other.

Warren County was established in 1779. It has a rich African American history which contributed to the Civil Rights movement and the legacy at Hallwax Sapponi Native American tribe.

The train passed through in the 1800's bringing a lot of business but then it closed down. Warren County has beautiful landscapes, woods, flowers, lakes, churches. Tobacco and cotton is planted and is famous. Watermelon and cantaloupe grow the best. It is the sweetest, and yummiest fruit ever!
